

VersaDUEL 25

Description & Application: A durable pre-bonded dual-layer floor system, available in three formats: Roll, Square Edge Tiles, and Large Square Edge Tiles. Made from recycled rubber and EPDM granules, it is designed for impact reduction and injury prevention in fitness centers and high-traffic areas. It provides shock absorption, vibration damping, and noise control for various environments. **VersaDUEL** flooring reduces impacts from falling/dropping objects, eases fatigue, reduces joint and muscle stress, and prevents repetitive motion injuries and discomfort from standing for long periods of time.
